DANIEL ESTRIN INTERVIEW

BY:MAX

We interviewed Daniel Estrin today and we got to ask tons of questions and he gave us some answers. We asked him about his favorite emoji and he replied with a prayer emoji. His favorite cheese is old amsterdam though I was hoping for carsu marsu. His favorite place in israel is Naha; havarim. If he had a camp name he would be called Grover because he loves Grover, and lastly his favorite pet is a dog but if a giraffe would be a pet he would want a giraffe. We are so happy he came to CBF online today.

VS

America vs fish and chips. America is a country, a home, a place to be free but no one can stand fish and chips the chips are so crunchy and are great with the fish. The fish is oiled slowly and fried perfectly. So which one is better? Some people would say America because without it they would not have a home but, people like Notes would say Fish and chips because his home is the UK. So you want to know the answer. It is America because if it were the UK vs fish and chips the UK would win, because it is a home.

NBA IS BACK!!!

The NBA is back. Everyone is going crazy. Some people might say this is bad, more people are near each other and more cases will appear. On the other side this is great during Covid - 19 people have been bored to death. There are so many complaints, mom what should I do I'm bored, can i play with my friends please, but now people will have something to do. Sports are intense. You always want your team to win. You support your team and you have lots of fun watching. With the NBA back people will be happier and that will be better for all of us.

Maddy is a smart, curious and imaginative 18-year-old who is unable to leave the protection of the hermetically-sealed environment within her house because of an illness. Olly is the boy next door who won't let that stop them from being together. Gazing through windows and talking only through texts, Maddy and Olly form a deep bond that leads them to risk everything to be together, even if it means losing everything.

Best Hugium

A photograph of a sunlit forest path. The path is a narrow dirt road winding through a dense forest of tall, thin trees with vibrant green foliage. Sunlight filters through the canopy, creating a dappled light effect on the path and the surrounding trees. The overall atmosphere is peaceful and natural.

My favorite hugium is sports broadcasting and fitness because i love having competition, and i like broadcasting because i like talking about sports but some other people have different opinions. I have asked 2 campers and one counselor. The counselor Hawk said, "Songwriting because he loves music and Party Games because they are always fun. Shira and Zoe both think that musical theater is the best hugium . The real thing is all of CBF onlines hugium are amazing and are waiting for you.
